Summary

Computer Science undergraduate (CGPA: 8.99/10) at VIT Bhopal University with strong analytical, problem-solving, and leadership skills. Experienced in developing AI-based applications, working with SQL, Excel, and Power BI, and leading cross-functional teams during university events. Interested in Product Management, Product Analytics, and Data Analytics, with a focus on using data and user insights to solve real-world problems.

Education

VIT Bhopal University	Aug 2023 – May 2027
Bachelor of Technology in Computer Science and Engineering (Core)	CGPA: 8.99/10

Technical Skills

Programming: Python, SQL, Java, JavaScript

Data Analytics: SQL, Microsoft Excel, Google Sheets, Power BI, Data Visualization

AI Tools: Gemini API, Prompt Engineering, TensorFlow

Databases: MySQL, SQLite

Core Concepts: Data Structures, DBMS, Object-Oriented Programming, Problem Solving

Tools: Git, Streamlit, Microsoft Office

Projects

AI Image Captioning Application	June 2025
<i>Python, Streamlit, Gemini Vision Pro</i>	

- Developed an AI-powered web application that generates contextual image captions for accessibility, e-commerce, and social media use cases.
- Implemented multiple prompt options to generate captions tailored to different user requirements.
- Built an interactive Streamlit interface for uploading images and generating captions.

Plant Disease Detection System	April 2025
<i>Python, TensorFlow, Streamlit</i>	

- Developed a CNN-based application for identifying plant diseases with 92% classification accuracy.
- Built a Streamlit interface to predict plant diseases and display treatment recommendations.
- Focused on creating a simple and user-friendly interface for disease detection.

Data Analysis Dashboard	Academic Project
<i>SQL, Excel, Power BI</i>	

- Developed an interactive dashboard using SQL, Excel, and Power BI for data visualization.
- Explored and analyzed structured datasets to understand trends and present insights visually.
- Created charts and reports to improve data interpretation and presentation.

Leadership & Experience

Coordinator – Gujarati Club & Ramanujan Mathematica and SAP Club	Sept 2024 – Sept 2025
---	-----------------------

- Coordinated the planning and execution of university events attended by more than 3,500 participants.
- Managed event logistics, finances, scheduling, and communication across multiple teams.
- Collaborated with faculty members, student coordinators, and volunteers to ensure smooth event execution.

Core Team Member – Digital Marketing, AdVITya'26	2026
---	------

- Contributed to digital marketing activities and promotional campaigns for the university's annual technical and cultural festival.
- Worked with cross-functional teams to increase event awareness and student engagement.

Certifications

- Microsoft Certified: Azure Data Fundamentals
- Google Cloud Generative AI Certification
- AWS – Getting Started with Security
